Hawaiian

Electric

Company.

The cleanest, brightest and really,
in the long run, the cheapest and best light
for use in the family residence, is the in-
candescent electric light. Safe; nothing could
be safer. A few days ago a prominent gen-
tleman of the office of the Electric Company said:
"Give me figures for wiring my house, and I
want it done at once; no more lamps for me.
Last night a lamp tipped over and it came
so near setting fire to the house and burning
my children and I take no more risks."

This is the sentiment of quite a number in
the past few weeks, who have ordered their
houses fitted with the perfect light.
Just think it over and make up your mind
that you want the best and safest light; send
for the Hawaiian Electric Company and tell
them what you want.

We have a complete stock of everything in
this line and have just received a lot of the
very latest designs in chandeliers.

Special Eating House.

NO. 2 IN OAHU COURSE

THE READINGS ARRANGED BY
PROFESSOR F. A. HOSMER.

Success of the First—Many Inquiries
and Wide Interest—Will Now Take
Up Shakespeare.

Professor F. A. Hosmer reports that
there was most encouraging success
with the Oahu College first course of
readings. Very early requests began
to come in for the second. The latter
is now arranged and set out in the
following circular:

OAHU COLLEGE.
COURSE OF READING NO. II.
William Shakespeare.
1564-1616.

"The name of Shakespeare is the
greatest in our literature—it is the
greatest in all literature."—Henry
Hallam.

"The stage in Shakespeare's time
was a naked room with a blanket for
a curtain; but he made it a field for
monarchs."—Samuel Taylor Coleridge.

"The plays of Shakespeare are a
lesson of sweet and honorable thought
and actions, to teach courtesy, benign-
ity, generosity, humanity."—Charles
Lamb.

"I loved the man and do honor his
memory on this side idolatry. He was
indeed honest and of an open and free
nature."—Ben Jonson.

1. Read any or all of the following:
The Merchant of Venice.
Hamlet.

As You Like It.

Macbeth.

King Lear.

Rolfe's edition published by Harper

& Bros., and Hudson's edition pub-

lished by Ginn & Co., preferred.

2. Richard Grant White's Life of

Shakespeare.

Hudson's Shakespeare, His Life, Art

and Characters.

Dowden's Shakespeare, His Mind

and Art.

Article on Shakespeare in any en-

cyclopedia or work of English litera-

ture.

Goadby's The England of Shake-

peare.

3. Study the Geography of War-

wicksire.

4. Any or all of the following:

Coleridge's Works, Vol. IV.

J. R. Lowell's Among My Books.

Hazlitt's Works, Vol. IV.

R. W. Emerson's Representative

Men.

Mrs. Jameson's Characteristics of

Women.

Masson's Essays.

George MacDonald's The Imagina-

tion and other essays.

Mrs. Mary Cowden Clarke's Girlhood

of Shakespeare's Heroines.

Stratford-on-Avon by Washington

Irving. (Found in the Sketch Book).

On completing this list or reading

all the books available, please inform

the undersigned and No. 3 will be for-

warded.

Respectfully,

F. A. HOSMER,

Oahu College, Honolulu, H. I.

Are You One

Of those unhappy people who are suffering
with weak nerves, starting at every slight
sound, unable to endure any unusual distur-

bance, finding it impossible to sleep? Avoid
opiate and nerve compounds. Feed the
nerves upon blood made pure and nourishing
by the great blood purifier and true nerve
tonic, Hood's Sarsaparilla.

Hood's Pills are the best after dinner pills
to assist digestion, prevent constipation. 25c

THE LECTURE.

B. Dillon lectured to about 100
people at the Christian church Friday
evening on the subject of "Love,
Courtship and Marriage." There was
a humorous vein all through the dis-

course which touched favorably on
the risibles. As a whole the lecture
was eminently practical, but some al-

lusions were hardly what one would
expect to hear in a church.

Some time ago I was taken sick
with a cramp in the stomach, followed
by diarrhoea. I took a couple of doses of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy and was immedi-

ately relieved. I consider it the best
medicine in the market for all such
complaints. I have sold the remedy
to others and every one who uses it
speaks highly of it. J. W. STRICKLER,
Valley Center, Cal. For sale by all
druggists and dealers. Benson, Smith
& Co., agents for H. I.

Glad to Know It!

Is the remark made by a tourist
when informed that the famous Pabst
Milwaukee Beer is on draught at the
Royal, Pacific and Cosmopolitan sa-

loons. Gold medal and diploma of
honor at Munich International Expi-

sition, 1895, which is a complete tri-
umph for American beer in the very
cradle of the art of brewing.

THOUSANDS DIE

From Exposure to Infectious Disease and Impure Air.

Important Points About "Purifine," the
Great Disinfectant.

[S. F. Post.]

In these enlightened days of the nine-
teenth century it is an acknowledged
fact that "an ounce of prevention is
worth a pound of cure," and that ounce
of prevention was never better exem-
plified than in the use of the great dis-
infectant known as "Purifine." The public
has had many disinfectants brought to
their attention. Some were good, some
were bad, and some were simply indif-
ferent, but none ever yet placed on the
market combined all the many good
qualities of "Purifine." In the first place
it was left to the manufacturers of
"Purifine" to compound a disinfectant
and antiseptic that would be odorless,
a most important matter, as users of dis-
infectants well know that the odor of the
disinfectant, especially when in constant
use, becomes sickening and disagreeable,
oftentimes as much so as the odor or
mell to be killed.

In a word, "Purifine" is odorless, and
its work, removal, not creating one odor
to cover another. It comes in a highly
concentrated form, and when diluted
with two parts water there is not the
slightest odor, rendering it suitable for
places where food is kept. In the bath-
room, sleeping room or about the house
generally it is indispensable.

Then again it is non-poisonous, an all
important feature, for if used carelessly
by children or servants there are no
harmful results, and it is absolutely safe
to have around the house.

As a sample of its harmlessness it can
even be used in refrigerators, and, if
accidentally spilled no harm is done, and
it is particularly adapted for this use.
The uses for which "Purifine" is used are
almost limitless, and to enumerate them
would fill pages of *The Post*. For flush-
ing sewers, and for cleansing sinks,
drains, barns, urinals, water closets,
floor cloths and the bed clothes from
sickness or infection it is invaluable.

Then again the price is so low that it
can be used lavishly, and for hospitals,
asylums, public buildings, hotels, restau-
rants, school rooms, laundries, dairies,
markets, stables, packing houses and
canneries where a disinfectant is used in
large quantities, this is a point to be
considered. One gallon is used to a bar-
rel of water, and for general use one
tablespoonful to a pint of water.

"Purifine" is a sure preventive against
cholera, la grippe, small pox, diphtheria,
all fevers and contagious diseases.

As an antiseptic and healer "Purifine"
is invaluable, for it relieves and cures
sore throat, catarrh, stings and bites of
insects, burns and scalds, chilblains, sore
eyes, pimples, and for the bath it is a
delightful adjunct. It will instantly
stop any flow of blood, and physicians
will understand its full value from its
principal constituents, bromine and
chlorine. It is prepared only by the
Fitch Chemical Company of Bay City,
Mich. The Hollister Drug Company
been appointed sole agents for the have
Hawaiian Islands.
